

DO YOU LOVE WORKING WITH **KIDS**? DO YOU WANT TO SERVE YOUR **COMMUNITY** & GAIN VALUABLE **EXPERIENCE**?

SFUSD Healthy Choices AmeriCorps helps the Student and Family Services Division achieve its mission to foster safe and caring learning environments where all students flourish. Through this program, we will reach over 1,600 students in 40 public schools.

Join **Healthy Choices AmeriCorps** and make a real impact in San Francisco! We're seeking passionate community members to help strengthen mentoring programs and create a positive school environment at SFUSD. This is your chance to jumpstart a career in San Francisco public schools, working alongside School Social Workers, Nurses, Teachers, and Community Volunteers to coordinate fun and meaningful programs. Plus, AmeriCorps members earn a monthly living allowance while engaging with students, families, and the school community.

Help boost student success by improving attendance and promoting positive behaviors across school campuses. With regular training from San Francisco Unified School District, **Healthy Choices AmeriCorps** members will gain the skills and knowledge needed to deliver top-notch volunteer service—whether working one-on-one with students, in small groups, or at the school-wide level. Let's make a difference together!

RESPONSIBILITIES INCLUDE:

Mentoring for Success

- Support school-based mentoring program alongside Mentor Program Site Coordinator
- Mentor students individually and/or co-facilitate group mentoring sessions
- Support the improvement of volunteer programs and strengthen school/community relationships by helping recruit and retain school volunteers

Positive School Culture

- Lead structured activities, clubs, and/or small groups during recess, lunchtime and in the after-school program to support student achievement
- Work with students and families to support pro-social behavior; participate in school-wide incentives programs
- Help lead school-wide activities such as monthly Health Education events, school assemblies, fairs, and educational events to help students make healthy choices

Collaborative Learning

- Attend regular supervision meetings and work cooperatively with school personnel such as School Social Worker, Counselor, Nurse and others
- Participate in weekly professional development trainings to gain foundational knowledge of topics such as: social skills/character development, understanding emotional injury, and coordination of school based mentoring programs
- Participate in local and school-based service events; help facilitate appreciation activities
- Develop a work plan in collaboration with school site supervisor
