Spanish Immersion Programs for Children

Our Spanish Immersion programs

are creative, interactive, and fun!

At **Aventuras** we know that kids are natural learners. We strive to inspire them, and nurture their curiosity and creativity. We also know that learning two or more languages at an early age has scientifically-proven cognitive benefits, supports academic achievement, and affects attitudes and beliefs about other cultures --*hello tolerant, bright, problem-solver citizens of the world!*

Having experienced the benefits of bilingualism first-hand, and being parents like yourselves, we decided to create the best Spanish Immersion program with a carefully designed curriculum focused on Experiential Learning. Our *Aventureros* will enjoy daily activities and projects in the areas of Visual Arts, Music + Movement, STEAM, Drama & Storytelling, Mindfulness, Culture + Community.

All in a Spanish Immersion environment that supports language learning while kids are having fun!

PRESCHOOL-AGE ADVENTURES

Aventureros 2 - 4years old

Fun, engaging activities for the younger ones: storytelling, music & movement, and art, plus a focus on socio-emotional learning. We offer 2 programs for this age group:

- Preschool Prep
- Mi Adulto y Yo classes

AFTER SCHOOL ADVENTURES

Aventureros 4.75 - 11 years old

Creative and engaging daily activities for elementary school-aged kids, following our comprehensive Experiential Learning curriculum. Stronger language learning and SEL support for our TK-2nd groups, plenty of fun and games for all kids.

HOLIDAY / SUMMER CAMPS

Aventureros 4.75 - 11 years old

Just like our After School Program, our “Verano de Aventuras” follows our Experiential Learning-based curriculum, mixed with plenty of outdoor fun everyday and discovery at our weekly field trips.

**WE ARE
HIRING!**

We’re constantly looking to grow and create with like-minded individuals that are passionate about Early Childhood Education, Experiential Learning, and the arts.
